— ■ IDEAS THAT CLICK

Today, globalization is changing lifestyles and customers are looking for smarter, sleeker solutions. At Legrand – thanks to our philosophy of Listen, Design, Make, Support – we keep track of these subtle yet pronounced shifts. Our enriched understanding helps us design products that deliver a superior technology and also provide an answer to high aesthetics needs of smarter and demanding customers.

To achieve high levels of innovative and smart solutions, we leverage our global expertise and local knowledge to customize offerings and provide complete solutions across residential, commercial, hospitality and industrial sectors. Our geographical reach, access across market segments and our ability to cater to newer requirements makes us a unique multi-polar group.

SMART INNOVATION: AROUND THE WORLD

The Legrand Group, a global specialist in electrical and digital building infrastructure has smart solutions for the residential, commercial, hospitality and industrial sectors. This has contributed significantly in Legrand becoming the leading choice of discerning customers from nearly 180 countries, worldwide.

With smart ideas, sleek designs and sheer simplicity, based on its philosophy of, "Listen, Design, Make and Support", Legrand keeps a close track of changing lifestyle and designs products with high value added content combining with new technology ergonomic quality and most important, the aesthetic appeal. Legrand aims to help you and every other customer celebrate a simpler and better quality of life.

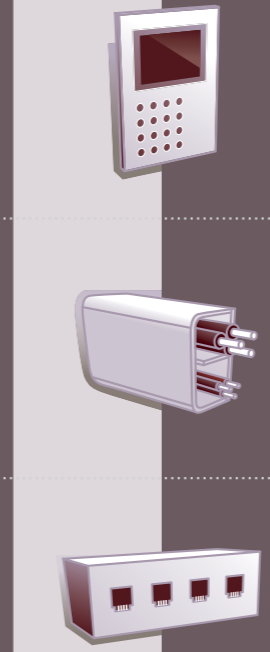

The global specialist
A comprehensive solution for your Electrical and Digital Building Infrastructure.

Installation control and command

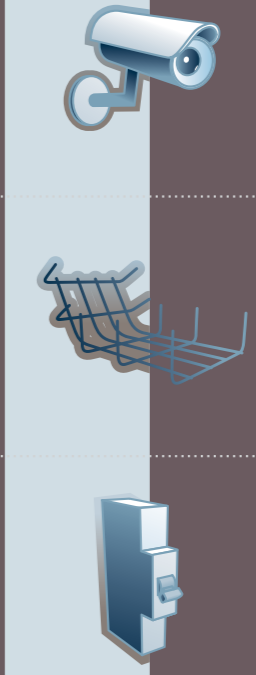

Cable management

VDI and Power Distribution

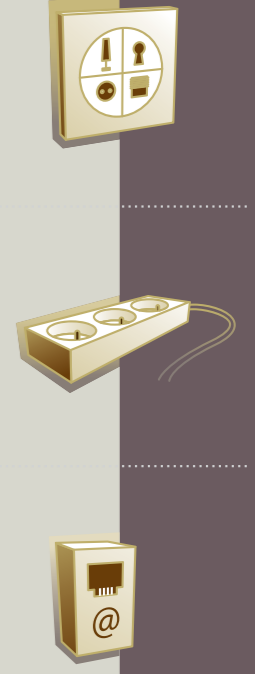

Communication

Security

Comfort

Over **4000** active patents covering close to 1450 different systems and technologies

Close to **30,000** staff members throughout the world

Group turnover of **€ 3.89 billion** in 2010

AN ACTIVE INTERNATIONAL PRESENCE

More than 70 subsidiaries and offices, sales in close to 180 countries

World leader in wiring devices and cable management

No. 1 in two areas: wiring devices (20% market share) and cable management products (15% market share)

Product Design – A lever for differentiation

Design is integral to our overall strategy, and is at the core of everything we do. At Legrand, design is more than just good looking products. It is all about enhancing customer experience.

Continuous Innovation

Over 1800 people work at our engineering and design offices, inventing and developing the solutions of tomorrow.

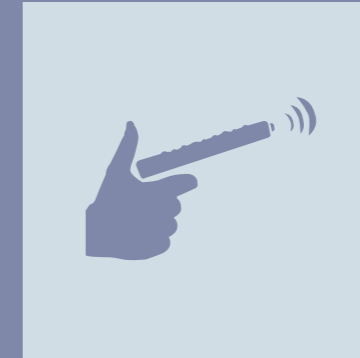

THE GLOCAL EDGE

Smart solutions across segments

Legrand (India) has been the leader in the protection business for the last four decades with a range that includes circuit breakers up to 6300A and distribution boards. Taking advantage of this strong position and the expertise of the group we have progressively developed additional product ranges like wiring devices, home automation, door entry, lighting management system, cable management and structured cabling. Today, Legrand (India) also holds a remarkable position in wiring devices and cable management system

Energy Distribution up to 6300 A

ACBs, MCCBs, Busbars, MCBs, RCDs, Time switches, Distribution Boards... Every product needed for distributing energy and protecting people and property

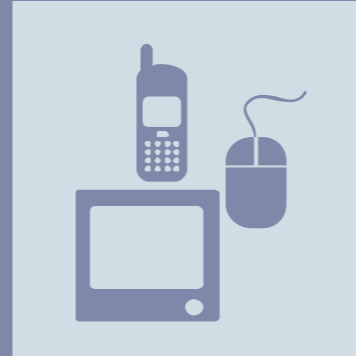

Control and Command

Switches and sockets, door entry, access control, remote control, home automation... Every interface needed between the user and their installation for enhanced comfort, communication and safety.

LEGRAND SYSTEM

Voice Data Images

Cabinets, patch panels, patch cords, fibre optic and copper cable connectors, Wi-Fi access points... Every solution needed for the circulation of voice, data and image throughout the building

Cable Management

Trunking, mini-columns, floor boxes, pop-up boxes, wiremesh cable trays... Every product and system needed for routing power and data cables throughout the building

25 OFFICES spread across the country

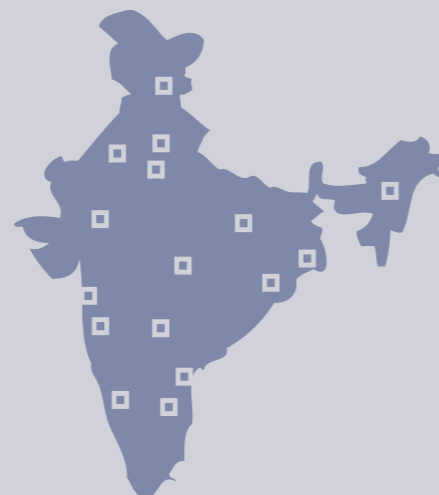

Over **1000 employees** in India

3 manufacturing facilities

1 R&D centre

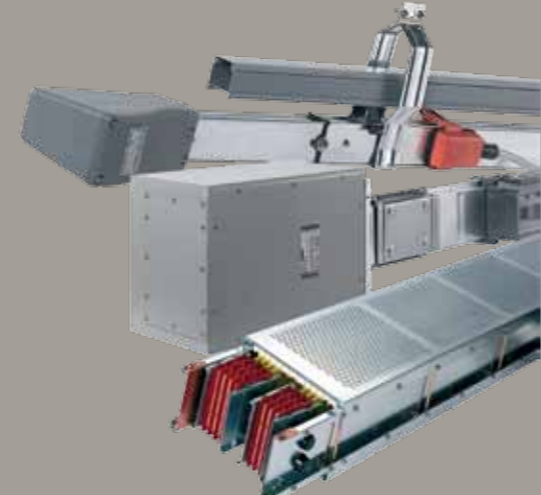

7 TRAINING centres

An extensive network of **OVER 6000** distribution partners

ENERGY DISTRIBUTION EFFICIENT PROTECTION UP TO 6300A

Legrand combines the latest technology with aesthetics and flexibility to design electrical power distribution systems to guarantee efficient protection and effective service continuity. Right from ACBs, MCCBs, Busbars upto the final distribution products like MCBs, RCDs, DBs and other modular products, Legrand provides the flexibility and freedom to design a distribution system of your choice. When it comes to distributing energy and protecting people and property across residences, offices, hotels or factories, Legrand offers the right products and systems.

Zucchini™ Busbar Trunking System

- Low, Medium & High Power Busbars
- From 25 to 5000A
- Electrolytic Copper & Galvanised Aluminium
- Air Insulated and Sandwiched
- IP 55

- ### DMX³ ACBs
- Available in 3 frame sizes for three breaking capacities: 50kA for DMX³-N, 65kA for DMX³-H and 100kA for DMX³-L
 - 630A to 6300A
 - Available in fixed and draw-out versions

- ### DPX™ MCCBs
- 16 A – 1600 A, TP & FP
 - 16 kA to 100 kA
 - Thermal – magnetic & microprocessor MCCBs
 - Common auxiliaries
 - Fixed, Plug-in and Draw-out
 - Wide range of accessories

- ### DRX™ MCCBs
- Ideal for residential & commercial segments
 - 60A to 100A
 - TP and FP
 - 10 kA

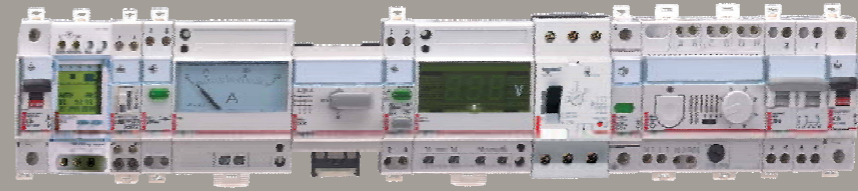

- ### Lexic™ MCBs
- 0.5A to 125 A
 - SP, SPN, DP, TP, TPN, FP versions
 - 10 kA / 15 kA
 - Clip on accessories
 - Lowest watt loss
 - Conforms to IS/IES 60898-1 2002, IEC 60947-2
 - CE Marking

- ### Lexic™ RCDs
- RCCBs & RCBOs
 - 6A to 63 A, DP & FP version
 - 30 mA, 100 mA, 300 mA
 - Type AC, type A-S & Type Hpi
 - Clip on accessories
 - IS 12640(Part 1) 2008, IEC 61008-1
 - IS 12640(Part 2) 2008, IEC 61009-1

- ### Time Switches
- Analogue & digital
 - Daily & weekly, impulse and astronomical functions
 - Optional programming through computer for digital Time switch
 - Din rail & wall mounting

Lexic™ Magic of Modularity

All Lexic modular devices can be mounted on a DIN rail:

- MPCBs
- VSPs
- Contactors
- Push buttons, indicators
- Changeover switches, dimmers
- Analogue & digital meters

- ### Ekinoxe™
- SPN, ETPN, Flexy, VTPN, 7 Segments
 - IP 20, IP 43 & IP54 degree of protection
 - IK 08 / IK 09 (protection against mechanical impact)
 - Optimum protection, elegant design
 - Fully shrouded neutral Bars & Busbars

SAFE CONNECTIONS YOU CAN DEPEND ON

P17 TEMPRA PLUGS AND SOCKETS

- 16A to 125A
- Fast fix captive screws
- Screwless cable clamp
- Surface, panel mounting and mobile sockets, straight plugs
- Label marking space on socket
- IP 44, IP 66/67
- IK 09

HYPTRA PLUGS AND SOCKETS

- For extremely harsh environment
- With 2 half clamps for uniform grip on cable, in case of plugs
- Panel mounting and mobile sockets
- Straight plugs
- IP 44, IP 66/67
- IK 09

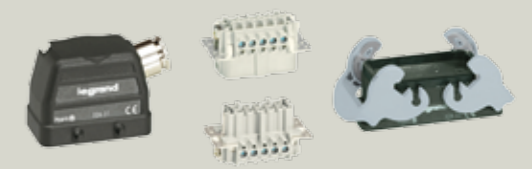

P17 TEMPRA COMBINED UNITS

- Transparent flap with fastener – View of Lexic™ modular protection devices
- Easy maintenance – Guaranteed weatherproofing
- Locking handle for a more accurate reading of ON/OFF positions
- IP 44, IP 66/67
- IK 09

METRA METALLIC PLUG AND SOCKETS

- Aesthetically elegant plugs and sockets
- Metal clad plugs and sockets for trouble free termination of air conditioners
- Integrated plug sleeve and protection cap for safety

HYPTRA MULTIPIN

- 10A, 16A & 32A
- 250V, 450V & 500 V AC
- Polarity up to 48 pins
- IP 55/65
- IEC 61984, UL, CSA
- Double locking for greater strength
- Tamper proof plug and socket assembly

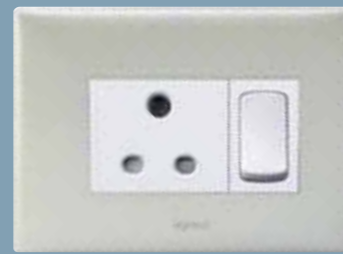

WIRING DEVICES ONE PARTNER FOR ALL PROJECTS

Mylinc™

A little touch of genius

Mylinc™ reveals smartness in modular switches. The Mylinc range incorporates elements of smart design in the minutest of details.

Like screwless finish, alignment perfection and various aspect of safety, reliability and convenience.

Elegant design encased in a slim and compact shape, it performs multi functions like call, doorbell, conversation, monitor, unlock, network and alarms, by connecting riser systems to system network devices. The range has innovative functions like SOS pushbutton, anti-tamper function and intercom between all riser apartments.

LIGHTING MANAGEMENT

Legrand provides products that make buildings more energy efficient. Legrand is committed to 'putting a stop to energy waste'. Lighting is a significant consumer of energy in commercial sector. It consumes up to 40% of the total electricity in commercial building.* Each year, more organisations implement lighting management because they recognize the benefit of power saving.

Energy saving

Economic saving

Code compliance

Sustainability building practice

*Energy end-use distribution greatly varies on the activity of the building and across geographical and regions climate. (Source: Energy Information Administration, USA)

CABLE MANAGEMENT

A Comprehensive offer for any type of building

THE FUTURE IN CABLE MANAGEMENT

CABLOFIL®
INNOVATORS IN CABLE MANAGEMENT

Office space, industrial buildings or housing, whatever the project and its requirements, Legrand has end-to-end solutions for power and data cable management.

Legrand's floor, overhead and perimeter cable management systems are engineered to make it easy to get power delivered where users need it.

Quick and safe to install, these solutions are designed to optimize cost-effectiveness.

A complete solution for data & power distribution, which is fully integrated with wiring device & VDI structured cabling system

Increase contractor productivity, reduce installation costs – with Cablofil. Be it above the ceiling, on the wall, or under the floor, our components make any installation a snap. Our wire mesh cable tray creates neat and orderly pathways, ideal for open installations. All reasons why customers prefer Cablofil the most sought after brand of wire mesh cable tray in the world!

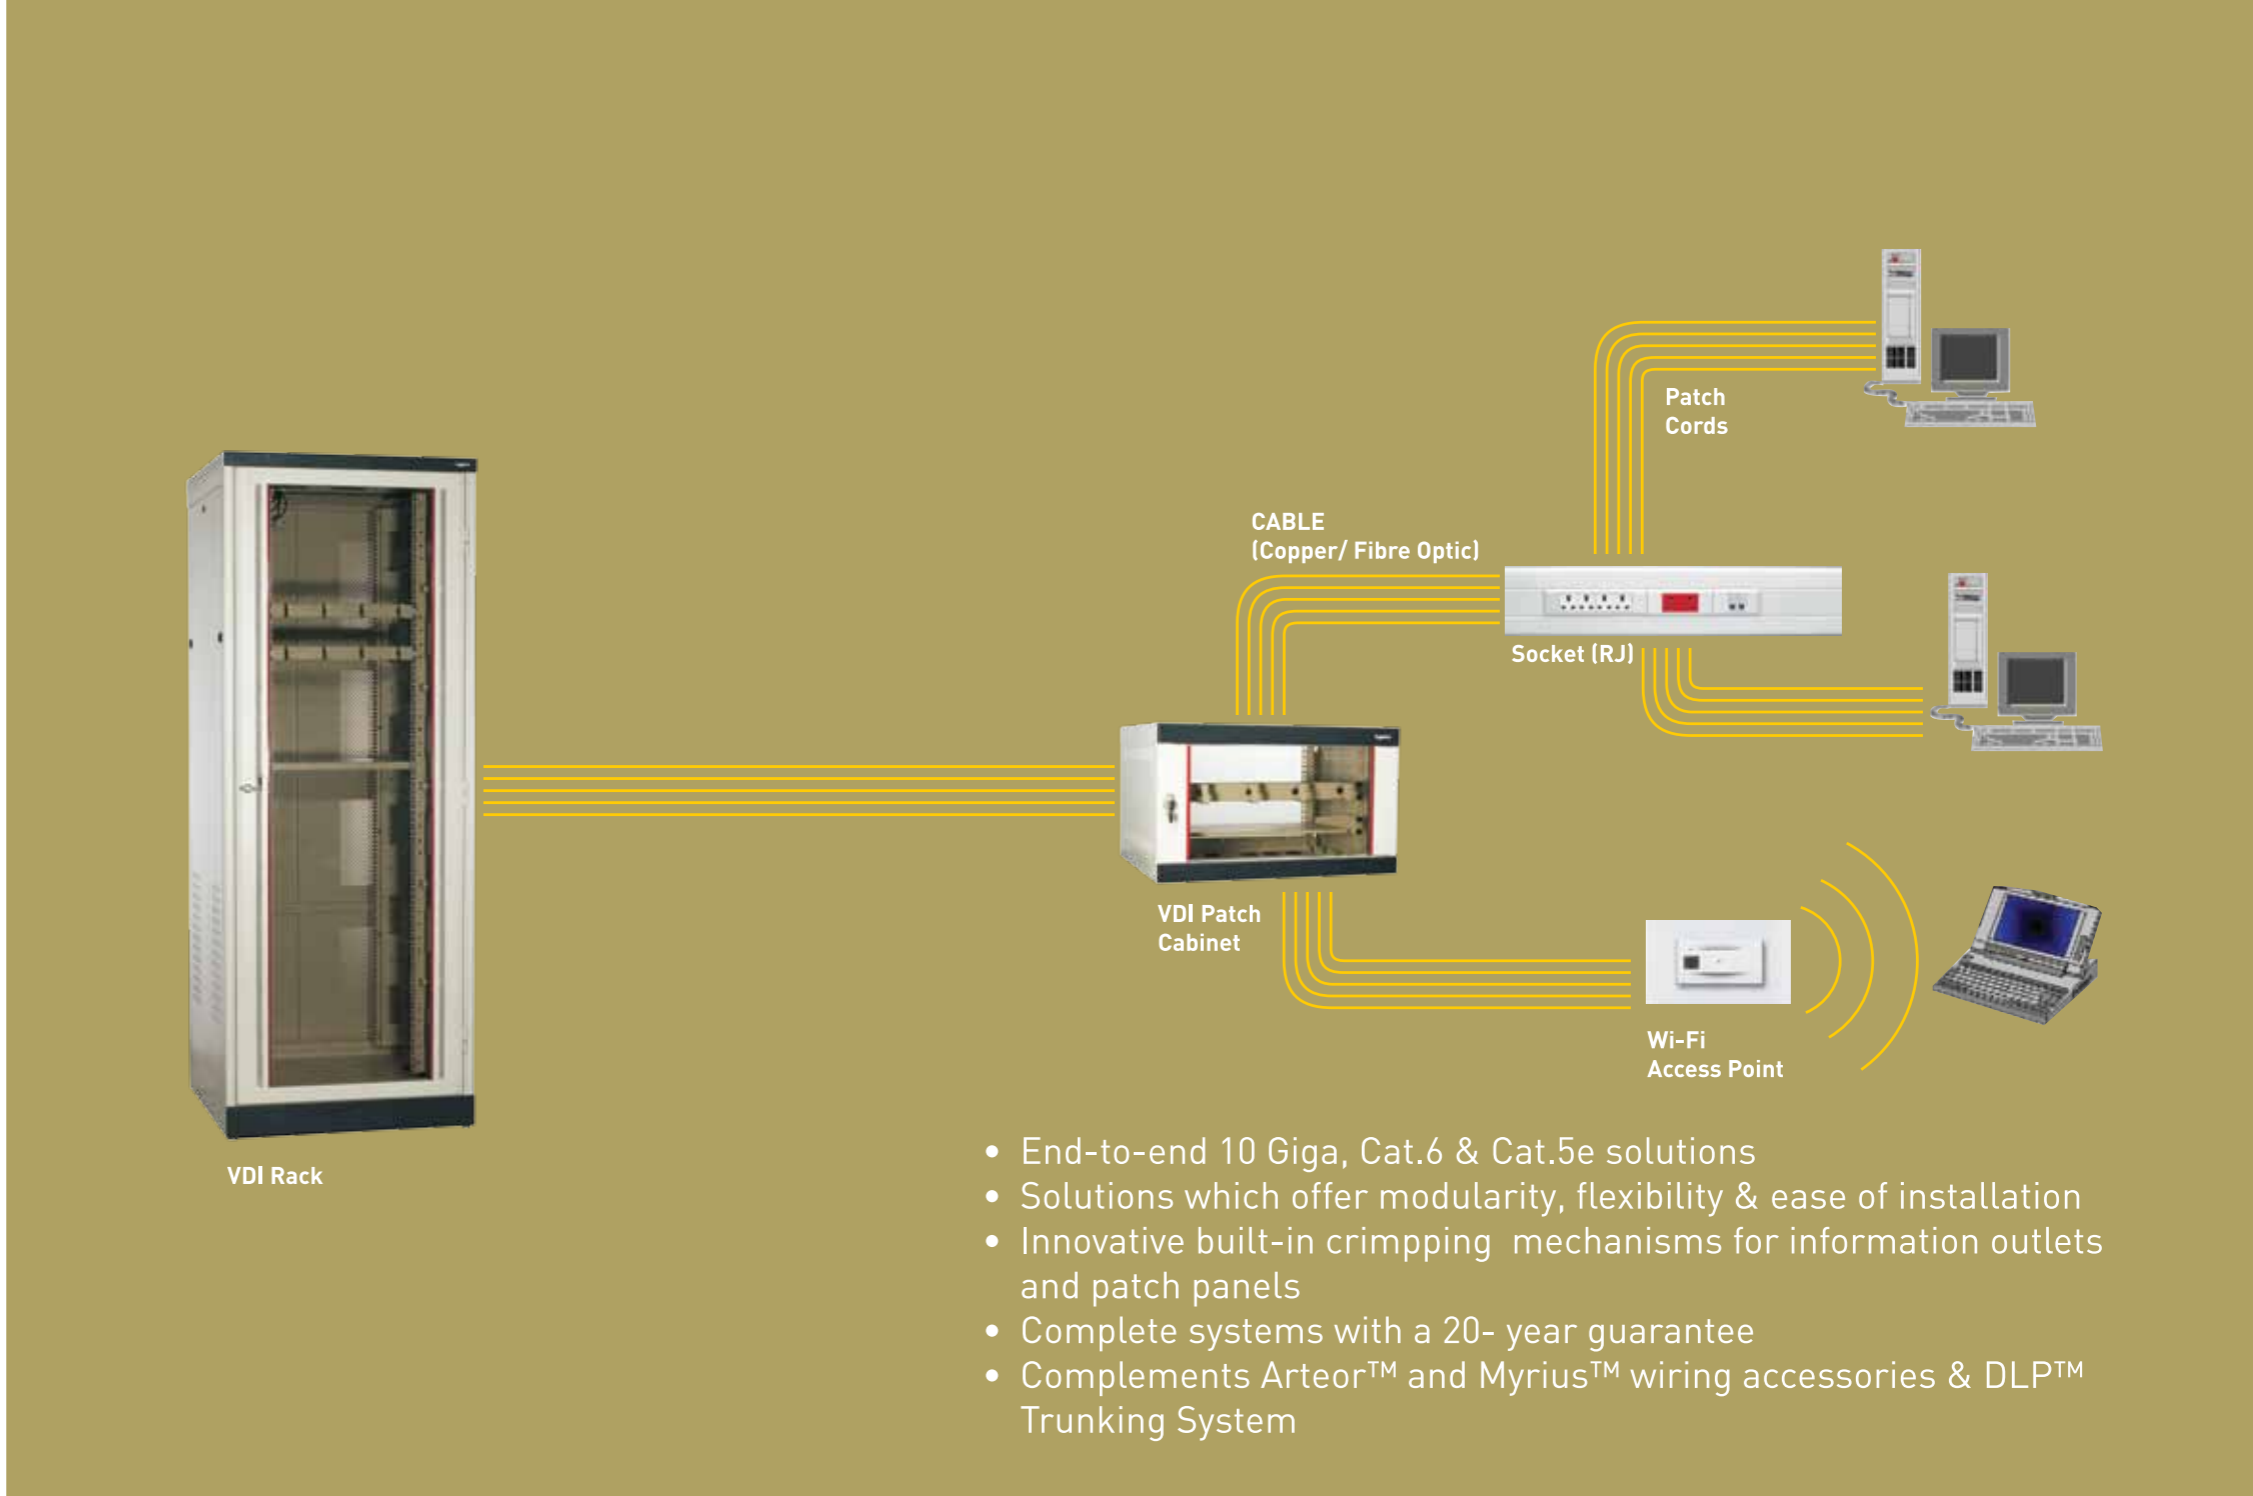

- World leader**
in wire mesh cable trays
- Wide range**
of wire mesh cable trays and accessories for all types of installations
- Innovation and technology**
73 active patents
- Versatility**
Easy & fast fittings on-site
- Safety**
Unique and patented safety edge

VOICE, DATA & IMAGE LEGRAND CABLING SYSTEM²

Performance from the technical room to the workstation

Legrand Cabling System² offers high performance connectivity solutions in Copper, Fiber, Wi-Fi and enclosures for multimedia environments. Additional benefits: the perfect synergy with other Legrand products and solutions such as cable management, trunking system, wiring devices etc. Legrand solutions allow to create coherent and efficient systems from the technical room through to the workstations.

- End-to-end 10 Giga, Cat.6 & Cat.5e solutions
- Solutions which offer modularity, flexibility & ease of installation
- Innovative built-in crimping mechanisms for information outlets and patch panels
- Complete systems with a 20- year guarantee
- Complements Arteur™ and Myrius™ wiring accessories & DLP™ Trunking System
